# THOMASVILLE MEDICAL PARK

THOMASVILLE, ALABAMA

## The epicenter of Southwest Alabama and the momentum to progress

Thomasville is an innovative, inviting regional hub that creates opportunities for citizens, businesses and industries. The City and its trade area with postal counts of over 80,000, are experiencing unprecedented interest from around the world. Thomasville has had numerous investments over recent years totaling over \$700M, new \$30M water system, new airport being built, 5 industrial parks, Thomasville is now building a new library downtown and a new state-of-the-art hospital, Thomasville Regional Medical Center which sits on 50 acres. Thomasville sets up to be the natural stopping point for those traveling to and from Mobile and Tuscaloosa. It has a great school system supported by Coastal Alabama Community College and is home to the Alabama Regional Tourism office serving ten Alabama Counties.
